## with thanks to our sponsors

**HOLE 1** The Neat Meat Company is a traditional family owned and run business. For the last ten years they have supplied New Zealand's top restaurants, hotels and increasingly over recent years Superyachts. Neat Meat pride themselves on providing New Zealand's top meat brands.

**HOLE 3** ENL has earned a solid reputation for genuine service, innovation and supplying quality marine electronic products, with over 60 years experience within the marine industry. From the most complex application for defence, commercial and superyacht use to a stand alone fish finder for a trailer boat, ENL has the experience and expertise necessary to specify, supply, install and service quality marine electronics.

**HOLE 4** Network Visuals has specialised in a wide range of external and internal event and corporate branding for well over 20 years. From major international events through to local community projects, they have the products and an experienced installation team that can ensure your event is memorable and successful.

**HOLE 5** Established in 1989 Events Clothing Company specialises in providing quality marine clothing to boats, race teams and corporate industries. With their Line 7 and musto brands Events Clothing are setting new parameters for innovation, fabric technology and design features for marine wear and setting the trend for stylish casual wear.

**HOLE 7** Electrics Afloat provides progressive and modern solutions to the marine electrical market. Recognised both locally and internationally for the provision of Electrical installations and problem solving, EAL run a team of multi skilled technicians well rehearsed in all electrical disciplines including class survey requirements and testing. A large showroom displaying leading marine brands is backed up by experienced sales staff available to answer questions and source and supply a large variety of consumables.

**HOLE 8** General Marine Services operates a full service engineering facility providing refit services, products and support to the industry. They have a large team of dedicated engineers, fabricators, and machinists utilizing the latest machinery and equipment and a well stocked store carrying products from a large number of international suppliers to the Marine industry.

**HOLE 10** Safety at Sea are recognised worldwide leaders in Maritime Safety. Specialists in sea survival equipment, their products include liferafts, lifebuoys, lifejackets, flares, medical kits, EPIRBs, SARTS ... The list goes on. They service not only the local community but distribute safety packages worldwide.

**HOLE 11** Vodafone Group was established in the UK in 1983 and now has interests and partner networks and in 58 countries over five continents. As of 31st March 2010 the Group had 341 million customers. Vodafone Group acquired its New Zealand business, previously BellSouth New Zealand, in November 1998 when Bellsouth had 138,000 customers. In March this customer base had grown to 2.5 million. IMG have a group plan with Vodafone not only for the IMG office and partner companies, but also the various yachts they represent, giving discounts to its customers across the board.

**HOLE 12** Whiting Power Systems service, support and sell a comprehensive range of marine diesels, gearboxes, drive systems, gensets, air-conditioners, heaters, pumps, mounts and filters, and provide marine engineering services to cover all aspects of custom design, installation, refit, rebuild, maintenance, repair and problem resolution. They are the NZ distributor for Yanmar and MAN Diesel engines and have proven expertise with powered and sailing vessels between 6 and 60 metres.

**HOLE 14** Oceanbridge is a NZ owned company established in 1981 specializing in the International Shipping & Freight business with offices in Auckland, Tauranga and Christchurch and a great network of partners around the world. They are heavily involved in the marine industry with a dedicated person solely dedicated to this part of their business, whether it be moving small parts by sea or air through to large boats – of which they have shipped many. Oceanbridge are proud to state that 'Marine is a passion of ours and we love being part of this industry'.

**HOLE 16** Ocean Media are the publishers of Australasia's leading luxury marine and lifestyle magazines. OCEAN Magazine, the leading superyacht magazine for Australia, New Zealand and the Pacific; SAILS Magazine covering a broader range of racing and cruising yachts both large and small available throughout Australia, New Zealand and yachting destinations in South East Asia. OFFSHORE YACHTING, the official magazine for the Cruising Yacht Club of Australia who annually host the famous Rolex Sydney to Hobart Yacht Race; and on a global scale publish The Great Southern Route Superyacht Cruising Guide.

**HOLE 17** Studio Q is a multidisciplinary studio situated in the heart of Auckland City offering clients a fully integrated service from advertising, creative and web to everyday print and marketing collateral. They offer robust, reliable services at a fair price. They are very proud to be sponsoring this year's Golf Day with professional photography and promotional printing.

**HOLE 18** Auckland Engineering Supplies (AES) is one of the most well used stores for yacht crews here in Auckland. Their focus is on giving great service and support and this is guaranteed through their knowledgeable staff who will help you solve any problems that you may have. AES has a huge stock range which includes hand tools, power tools including Hitachi, Makita and Bosch, consumables, safety gear, drill bits, nuts and washers .... the list is endless.

At Integrated Marine Group we figure that if you are going to do the job you don't just do half the job. Our clients don't change their own teams when they migrate from operational mode to maintenance mode and back to operational again, so why should we?

We have built our teams to support all aspects of a yachts lifecycle knitting together the very best people we can to support you in the field, as well as conducting refit and maintenance programmes to the highest standards. We are here for the long haul and believe in developing long and lasting relationships with our clients to be ready to respond to any challenge. You certainly don't have to use us for everything, but it helps.

The company which was founded in 2003, as engineering collective, but quickly expanded its team and resources to support every aspect of refit and maintenance project work and undertake some impressive projects. We also developed a comprehensive Yacht Support Service in 2006 to provide services to complete the circle of real support. This expanded our network of suppliers even further, enabling our services and collective expertise to be of maximum value well beyond our shores. We are proud of what we have achieved and the solid team that we can now present with pride to any client, many examples of whom are out on the course today.

On behalf of our valued suppliers and supporters, we look forward to making this a fun and memorable day for all.

Mark Wightman - *Managing Director*

## We are also grateful to the following companies for their prize donations:

EmbroidMe is one of the largest computerised embroidery franchises in the world with over 300 locations in 10 countries. In New Zealand there are seven stores and the City West branch of EmbroidMe has been called not only by IMG and its partner companies but also for uniform requirements for several large yachts over recent years.

The Produce Company pride themselves on being a leader in the retail and export of all things we like to eat. Operating seven days a week they will deliver produce fresh to your door or dock and with specialist buyers sourcing fresh produce daily basis your order will be the freshest possible.

Maxwell products are renowned for their reliability and performance throughout the international marine leisure boat industry. Their range of windlasses, capstans and accessories is extensive, providing anchoring solutions for vessels from 6 metres to over 90.

Glengarry is New Zealand's finest independent wine retailer, retailing beer, wine and spirits for over 60 years. With vineyard labels from around New Zealand, Australia, France, Italy, Chile, California, Spain, Portugal and beyond they can satisfy just about any desire.

Founded in 1946 ENL has four key components to their business operations: Importing and distribution of marine electronics; Value added products & services to the NZ commercial fishing and export markets; Systems integration with a focus on superyachts; Technology development focusing on Niche markets.

The Pinmar Yachtsman's Golf Tournament is an annual event in Europe, renowned amongst Superyacht Crews who will fly over especially for the day. Their 22nd tournament took place just last month. Jointly sponsored by Awlgrip it raised over 40,000 Euros for this year's nominated causes with over 100 sponsors, 352 players and more than 840 guests attending the prize-giving dinner.

This is Integrated Marine Group's second golf tournament, which has almost tripled in size since last season. Whilst our event is by no means on a similar scale to Pinmar our hope is that it can become a regular feature of the yachting calendar with crews keen to take part year on year. We hope to raise significantly more funds for charity, and strive to give it a unique kiwi feel!

**We would like to thank you for taking part in our event this year and will shortly be announcing the date for next year.**
